

Customer Memo – New Product Addition

Subject: 535-16 One-Piece Steel Tomahawk Ground Stake

Date: June 2019

Sioux Chief is pleased to announce the 535-16 all-steel Tomahawk™ ground stake.

This item is very similar to the 535-14 all-steel ground stake except 2-inches longer and smooth on the entire length of the stake (i.e. no protruding barbs). The “pull out” tests that we conducted showed no difference between the current 535-14 and the new 535-16.

The 535-14 will be phased out and we will continue to sell through all remaining inventory of the 535-14 until it is all consumed. Once discontinued, returns of the 535-14 will not be accepted.

The Buying Information is below. The 535-16 is now in stock. This is a no-break item.

The spec sheet on the Sioux Chief website will be updated this week. Any references to the 535-14 will be removed and replaced by information on the 535-16.

Item #	Description	Min	Case	List Price
535-16	16” one-piece steel Tomahawk Ground Stake	25	25	\$2.94 ea.

Please contact your Sioux Chief Representative for more information.

Thank you,
