

Sioux Chief Announces Launch of Expansion Tank Support Kit

The Expansion Tank Support Kit is an engineered product that comprises a simple, strong, steel bracket that secures expansion tanks.

Kansas City, Missouri - October 24, 2013 – Rough plumbing manufacturer, Sioux Chief, is pleased to offer a new Expansion Tank Support Kit.

The system is designed to secure expansion tanks to wall studs and is ideal for typical apartment installations where the water heater is installed in a closet.

Expansion tank kits are sold 10 to a case, in two sizes: Kit 598-0210 has a 32.5 inch stainless steel snap-lock band to secure typical 2-gallon tanks. Kit 598-0213 has a 45-inch stainless steel snap-lock band long enough to wrap around 5-gallon tanks. Each band threads through a 16-gauge galvanized steel bracket that fastens to the stud wall with two 2-inch screws.

Expansion Tank Support Kit (9" & 13")

More About Sioux Chief:

Since 1957, Sioux Chief has manufactured innovative plumbing products. It is a leader in providing rough plumbing solutions for residential, commercial, industrial and government applications.
