CPVC Adapters

>> ASTM F438 Sch. 40 Connection

Superior Design

Brass/copper fitting body shields CPVC socket for more durable connections

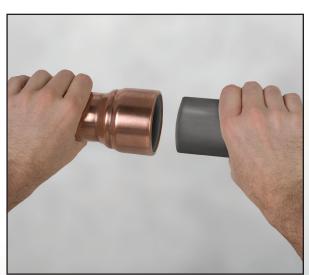

Unique design provides Full-Flow, with no restriction through the fitting

CPVC sockets comply with ASTM F438, and are designed for use with ASTM F441 Sch. 40 and Sch. 80 pipe

Better Performance

Transition from CPVC trunk lines to branch lines for individual units in multi-family projects

Engineered EPDM o-rings maintain a leak-proof seal between the CPVC socket and metal housing

Supply Drainage Support Specialties

Brass is dezincification and SCC resistant. Compliant with NSF-61 and California No Lead Plumbing Law

CPVC F438 Sch. 40 socket is surrounded by brass or copper sleeve for protection

Technical Specifications

Certifications: FGG/BM/CZ System Compatible

Max Temp: 180° F

Max Pressure: 250 PSIG
