

WALL CLEANOUT COVER

» 873 SERIES

SPECIFICATION

Sioux Chief 870 Series wall cleanout cover shall be used where necessary in drainage systems. Cover shall be fastened with a bolt (not included) to a cleanout plug or wall bar. Covers shall be stainless steel for corrosion resistance, and be of sufficient diameter to completely cover access hole. Covers shall be 16 or 20 gauge for light foot traffic or wall applications respectively. Stamping shall be available for easy recognition.

MATERIALS

430 Stainless steel
