PowerBar™

SUBJECT: CPVC Compatibility - Metal Stamping Oils

DATE: October 2019

PAGE: 1 of 1

The water-based oil used when stamping and producing Sioux Chief's 523 Series PowerBar and PowerBar Mini Strut brackets has no negative affect on CPVC tubing used on potable water systems nor CPVC piping used in Fire (Sprinkler) protection systems.

The information contained herein is believed to be reliable, but is subject to change without notice. The above may be referenced for installations or situations that are outside of standard practice or NOT covered by Sioux Chief's warranty. Before use or installation, the user shall determine the suitability of the information for the intended purpose, and shall assume all risk and liability in connection therewith. With the exception of the information given above, use of any/all Sioux Chief product shall be in accordance with local plumbing codes, common practices, published installation instructions and legal requirements.
